

## Special Features:

- Each folder holds supplies for 2 complete layouts.
- Unique placement of expandable pockets allows folders to “nest” into each other for neat carrying/storage.

- Folders fit in most standard 12x12 3-ring binders, stack on top of each other on a desk top, or stack side by side on a shelf.
- Expandable pockets hold more than 40 photos each and have Velcro closures so your supplies are safe and contained.
- Center pocket holds more than 20 12x12 sheets of paper.
- Material is Acid/PVC Free and also translucent so themes are easily identified.
- Folders are durable and completely reusable.

*I LOVE being organized and ready to scrap on a moment's notice! My husband likes the smaller credit card bills and being able to eat at the dining room table. Besides the time I used to spend searching through my drawers of embellishments and piles of paper, I am also able to save money by keeping my pictures with the paper and embellishments that I buy to go with them. I take the whole system to the store with me, making my trip to the scrapbook store more time efficient and less costly. Then when I get a spare moment at home everything is all together and ready to scrap!*

# A Scrapbooker's Dream Come True!

It's called the **Croppin' Companion!** This proven system allows scrapbookers to plan, prepare and ultimately produce every layout easily and efficiently. It meets the desires of both novice and seasoned scrapbookers to be organized, to save time and to finish "lots" of layouts.

The **Croppin' Companion** consists of unique reusable folders that organize 2 layouts each. Each folder has 2 expandable pockets and 1 top loading pocket. As you prepare, the folders are designed to hold each layout's supplies (photos, stickers, memorabilia, notes, embellishments and more) securely in one place.

## Step 1: Plan

Insert Photos

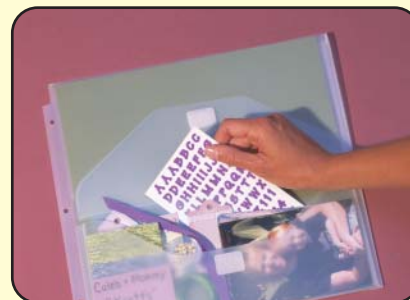

## Step 2: Prepare

## Step 4: Preserve

Memories Forever

*Before the Croppin' Companion came out I was overwhelmed and totally unorganized. Photos, papers and embellishments were everywhere and I was wasting way too much time finding things to do a layout with and never getting any pages completed. I was just about to give up thinking that scrapbooking was too time consuming and that's when I got The Croppin' Companion. What a life saver it has been to me, I'd be lost without it. Now I'm fully organized and can complete a lot more layouts in much less time. Thank you for making a very useful and much needed product.*
